

Wake up to Free Range

Starleaton's Consumables!

We're not tied to any single supplier...

...so you get the best range available.

SOLVENT & UV MEDIA

Our range of NESCHEN solvent and UV media covers vinyls, textiles, backlits, mesh in fact all popular types up to 5 metres in width. We are also exclusive distributors for TAKLITE clear and white removable films that leave zero residue on smooth surfaces.

INKS, INKS, INKS

You'll find inks for all of the main wide format printers on our shelves, EPSON, HP, CANON and KODAK/Encad. Fast delivery and back-up stocks are SDS's hallmark. If you are having colour management problems, we are ICC profiling experts too!

AQUEOUS MEDIA

Choice is yours with our wide range of pigment, dye and universal aqueous media of all kinds. We stock EPSON, HP, CANON AND KODAK in all roll sizes. Because our stock turns over regularly, it is always fresh and we can deliver same-day in metro areas.

LAMINATION & MOUNTING

SEAL brand laminates are renowned worldwide for quality, durability and value. SDS has proudly represented SEAL's market in Australia for many years and we know laminating issues intimately. To cap it off, we have a range of SDS low-cost laminates.

SDS BRAND MEDIA

We scour the world looking for top-quality but economic solvent, UV and aqueous media, so we can import 'jumbo' rolls and slit them down on our precision machinery. The result is great prices and service (we can custom-convert), and we'll ICC profile for you too!

RIGID DISPLAY BOARDS

When you want the very best rigid display materials, choose ALCAN Composites from SDS. We carry a great range of GATORFOAM, FOREX, KAPA etc. and it is all handled and stored carefully in our own warehouses. Put us to the test!
